

Registration and purchase of founder Carbon2o2

Before starting the registration process, you must have your Wallet installed and created

1. Wallet Installation

You can access the instructions on the url: <https://www.carbon2o2.com/page-setup-metamask-wallet-for-c2o2.html>

On this page you will find the instructions to download the Metamask Wallet from a Browser on a personal computer or as an application on a mobile, please select the tab of your preference.

Below are the steps you can use to set up your own MetaMask wallet.

Wallet on your Browser Wallet on your Mobile

1. DOWNLOADING THE APP FOR YOUR BROWSER:

In order to create a wallet, you need to first install the extension. Most browsers support Meta Brave and Firefox.

1.1. If you want to install the wallet on a browser of a personal computer, keep in mind the following conditions:

- *Avoid using public computers or those that allow access to third parties without authentication.*
- *Avoid sharing your Wallet with third parties that you do not trust.*
- *You will need to log in on the same computer and browser where you first installed the Wallet when you want to import or transfer Carbon2o2 tokens.*
- *Always use the url recommended by Carbon2o2 to download the Metamask Wallet*

Click or enter the url <https://metamask.io/download.html> to start the download

Metamask will automatically detect the browser used and will show you the link to start the download.

Click on the indicated button and follow the download and installation steps of your browser.

Welcome to MetaMask

Connecting you to Ethereum and the Decentralized Web.

We're happy to see you.

Get Started

After Metamask is installed as a browser extension, it will show you a screen to start the process of importing an existing Wallet or creating a new one.

New to MetaMask?

No, I already have a Secret Recovery Phrase

Import your existing wallet using a Secret Recovery Phrase

Import wallet

Yes, let's get set up!

This will create a new wallet and Secret Recovery Phrase

Create a Wallet

If you already have a previous Metamask Wallet, you just have to skip this process and go directly to create the account in Carbon2o2 <https://www.carbon2o2.com/page-new-account.html>, otherwise, we will click on “Create a Wallet”.

We are going to carefully read the Metamask indications about the keys and secret questions and we are going to follow the wizard.

Help us improve MetaMask

MetaMask would like to gather usage data to better understand how our users interact with the extension. This data will be used to continually improve the usability and user experience of our product and the Ethereum ecosystem.

MetaMask will..

- ✓ Always allow you to opt-out via Settings
- ✓ Send anonymized click & pageview events
- ✗ **Never** collect keys, addresses, transactions, balances, hashes, or any personal information
- ✗ **Never** collect your full IP address
- ✗ **Never** sell data for profit. Ever!

No Thanks

What is a Secret Recovery Phrase?

Your Secret Recovery Phrase is a 12-word phrase that is the “master key” to your wallet and your funds

How do I save my Secret Recovery Phrase?

- Save in a password manager
- Store in a bank vault
- Store in a safe deposit box
- Write down and store in multiple secret places

Should I share my Secret Recovery Phrase?

Never, ever share your Secret Recovery Phrase, not even with MetaMask!

If someone asks for your recovery phrase they are likely trying to scam you and steal your wallet funds.

It is very important that you keep the secret words in a safe place, they will allow you to recover your Wallet at any time, for example if you lose your mobile or computer, if they do not have your secret words, you will lose your Wallet and everything contained in it.

Click on "Click here to reveal secret words", copy them in a safe place or take a screenshot and save it with a password.
